

6/3/2012
3:00 PM EST

ActArcs Meeting

Attendees

Yvonne Ng
Lindy Leong
Marie Lascu
.....

-Intended meeting thwarted by lack of meeting space and Mother Nature

Lindy- recap last meeting 5/13/2012

-mainly covered AMIA proposal
-haven't decided on 3rd speaker (perhaps we can find one via Archivists without Borders-US?)

Briefly touched upon group mission

-We don't have to carry the mission of another organization, so let's keep it together
-Branch out beyond NYU
-Our activities this summer can help us really shape our mission

Why Archive Card

-Kelly is finalizing video
-We still want to print something- Yvonne will research costs
-Received email from Occupy Philly archive member about the card, sent him why archive text and asked him to document and share use of the card if they run with it

Community Archiving

-we need to be selective and already have personal connection with institution
-Asian CineVision? Lindy will investigate
-City College Archive? Marie will investigate
-Subway Cinema? Rufus?
-CUNY?, SUNY Purchase? -- Lindy
-Everyone could look into a few options and we make a collective list, and then start reaching out to people
-Need to really think about what types of organizations or places we would work with, and what level of work we are able and willing to do (no free long-term labor etc.)

Archives and Activism: Call for Papers

-Someone should just present on Activist Archivists
-Deadline Aug 1
-If everyone can look at their call for papers, let's mull it over and discuss in more depth maybe in a two weeks?

Let's work with Archivists w/o Borders!

-We may want to reach out to them to work on efforts together
-Anyone have an inside scoop? We know at least one MIAP alumni is directly involved

Research projects!

-#1 should be archiving livestream- decide how many of us research this, parameters etc., best practices, terms of use, has any livestream been archived, archive's rights etc.
-easy to divvy up into sections, involves more of us, and requires less time for each individual to spend researching

Summer meetings

- Summer meetings will take place at Witness headquarters unless otherwise noted
- This is the most convenient middle ground for the few of us here, and has stable Wi-Fi to involve others

NEXT MEETING SUNDAY JUNE 10 3PM
